Advance Praise

For *The Guardian Building*

“ A work of exacting scholarship, James Tottis’s treatise on Detroit’s Guardian Building is likely to be the final word on one of the greatest art deco skyscrapers in the United States. He also begins the process of excavating the life and career of Wirt C. Rowland, the Guardian’s great, elusive architect. ”

“ At last Detroit’s magnificent Guardian Building has gotten the book it deserves. Author Jim Tottis illustrates the genius of architect Wirt C. Rowland and his most important creation in splendid detail. ”
